# Digital Learning - “Skills for the Future”

The supreme degree of human knowledge, globalisation and the accelerating rate of change in pedagogical practice urge the need to a positive change in the teaching and learning methods. Now a days teaching and learning are not confined to the four walls of the classroom. Digital learning provides a range of powerful tools which takes learning to a different level altogether. It makes classroom teaching more interactive. “A picture is worth a thousand words!” in line with this famous maxim, it is through Smart Classes that students are able to assimilate the learning in a lucid manner. Earlier a child used to be able to learn a song quicker than a topic related to Sciences, Mathematics or any other subject but now the audio visual effect is making learning of complex concepts of Science and Mathematics easier and quicker.

Keeping in mind the same idea SYNA strives to provide best digital learning environment to its students. Recently SYNA has been ranked as one of the top Schools in India by Digital Learning – The Top Schools of India Ranking Survey 2017. As many as five thousand schools were surveyed for the prestigious award and top hundred were awarded at the ceremony.

SYNA is committed to inspire young people to develop their digital skills. The school very well understands that the first identifiable benefit of digital learning is digitalization itself. When media shifted from analog to digital- from movie reels and cassette tapes, books and posters, worksheets to websites- the very resources for learning were transformed. This kind of learning provides a large volume of study material to students. It enables a student to learn at his own pace with improved lexis and quicker achievement of various topics where they connect theory and application more adeptly.

SYNA has always been excited about the implementation of Digital Learning. Well equipped Computer labs, Atal tinkering lab for robotics which is exclusively at SYNA in the entire district, digitally upgraded Science and Commerce labs where students cement their concepts. A Wi-Fi campus, Bio-metric attendance for staff, RFID- digital identity cards for students, GPS enabled buses, regular workshops and training to upgrade educators on digital learning are the inevitable efforts put forward by the school to nurture digital learning. Digital Learning has the potential to enhance not only the teaching learning process but will make it more interactive than ever. It will provide new dimensions to the learning by facilitating autonomous learning. SYNA is operational each day to cater the need of Digital Resource for the expansion and bright prospects of its students.

MEMBER OF-

# SYNA INTERNATIONAL SCHOOL, KATNI (M.P.) INDIA

## MISSION STATEMENT

"Together We shall" has been aptly formed to bring out the full meaning of the logo as well as the name of the school 'SYNA', a Greek word, meaning "Two Together".

SIS has developed a sustainable, innovative, aspiring - learning environment for its pupil, with focus on the three main fundamentals of life - Physical, Mental and Spiritual fitness. We make leaders out of our pupil who go on to live enlightened and productive lives as responsible citizens. We, at SIS, value education as the vehicle to inspire intellectual depth in our students.

At SIS we believe :

- We Should Foster a Life Long Learning.
- We Should Provide a Safe & Secure Environment.
- School, Home and Community Interaction is Essential.
- We Should Provide Opportunities for our students to become Responsible and Accountable.
- We Should Provide Opportunities for our students to Succeed.
- We Must Provide Opportunities for students to pursue Excellence in Variety of Academic, Physical, Social, Technology and Aesthetical Skills through Curricular and Extra Curricular Programmes.
- That Everyone at our school should be treated with Dignity And Respect.

## OUR VISION

At SIS our vision is to provide a safe and secure environment where there are diverse opportunities for students to pursue excellence, promote creative and critical thinking, become self reliant and develop positive self esteem. Everyone at SIS will be treated with respect and dignity, given opportunities to succeed, and encouraged to develop a life long love for learning. SIS will advocate school, home and community interaction. Each student is unique and we at SIS strive to raise and equip students to be academically qualified, spiritually equipped and physically fit. SIS shall remain an Education Centre, unique and irreplaceable, defined by its core values. With excellence in all its activities of instructing, we are committed to provide best education in most cultivable environment to young minds. Our vision is to prepare confident, determined and disciplined leaders for tomorrow's challenging World. We educate every student to be a successful, responsible global citizen.
