

SYNA International School

Dear Parent,

The school feels that the students require more time for Board exam preparation therefore like previous years school will be organizing winter study camp for both classes X and XII from **16.12.2019 to 04.01.2020**. This camp will improve their result rating and develop their writing skills in the Board Examination. The study camp is compulsory for students of both the classes X & XII. All the day boarders will stay in the hostel during the study camp. Please do not ask for any leave or visit the students during the study camp. Regular tests will be conducted and students will be analyzed on daily basis. Charges for this camp is **Rs. 6500/-** per student. Students should report a day prior to the camp in the hostel. As per the new CBSE guidelines if a student do not perform well he/she would be detained. Class X & XII students who do not perform well in Ist Pre Board Examination will not be allowed to sit for the Board Examination. Self study is very important now because the courses for February examination have already been completed. Half yearly exam results were not at all satisfactory. Parents must take the responsibility and monitor the child's performance.

Principal
